## Education

### Republic Polytechnic

April 2024

Diploma in Digital Design and Development

cGPA: 3.75

#### Final Year Project

##### Pet Transportation System

This project utilizes Fronte-End Development, Web Application Development, System Testing and UI/UX to propose, design, develop and host a web application. The users will be able to use this website to book pet transportation making it easier for the company to organize and operate the business.

My role in the project is the team coordinator whereas I work with my team and make sure that we are motivated to create an according website that fits all the requirements.

### Greendale Secondary School

2017 – 2020

Attained 5 GCE 'O' Level Subject passes

### Edgefield Primary School

2011 – 2016

Attained 5 PSLE passes

## **Volunteer and Leadership Experience**

### **Teaching juniors in CCA**

**2020**

#### **Senior teacher**

- Coordinated with batchmates to prepare slides and materials needed for teaching the juniors and made it easier to teach in an organized and effective manner.
- Coached fellow juniors who needed additional time to learn new concepts which increased the performance of juniors during the final assessment.
- Built a bond with juniors by interacting with them during the break and increased student engagement.

### **Bright hill Evergreen Elderly Home**

**2019**

#### **One of the leaders in charge of organizing events to be conducted**

- Worked alongside other leaders to create and execute 3 activities such as Coloring activity, Origami folding activity, and Bingo game.
- Solved practical problems on the spot when there were technical difficulties.
- Communicated with elderly despite the language barrier and was able to engage them during planning breaks.

### **Blood donation drive**

**2019**

#### **One of the volunteers to help with executing activities**

- Worked with the other volunteers to collect recordings of blood donors and explain the process to them.
- Engaged with blood donors, making them feel more comfortable as they go through the lengthy processes.

### **World Redcross day**

**2017**

#### **One of the volunteers in charge of educating people on donation drives and collecting donations**

- Conducted donation collections around local areas and was in charge of explaining the different donation drives that existed.
- Performed extensive research on donation drives, thus was able to increase engagement with people.
- Communicated with people about donation drives and encouraged more people to donate, thus increasing the amount of donations.

### **First-aid duty for school softball competition**

**2019**

#### **One of the two first-aiders**

## Achievements & Awards
